● Panda Skip Bag Order Confirmation AOL/Inbox ☆

Panda Team <oneportalwe@panda.ie> Tue, 19 Sept at 15:29 ☆  
To: kinahange@aol.com

**Thank you for your order. Below are your order details.**

**Your 1.25 Tonne Skip Bag is to be Delivered.**

Order reference:	aSp653FchE
Price Excluding VAT	€87.22
VAT	€11.78
Total	€99.00

**Please note the following important information when using your Skip Bag.**

**Filling & Placing your Skip Bag:**

- Place your Skip Bag within 4.25 metres of a public road (which must be at least 3.35 metres wide). Please read the instructions on the packaging about placement of the bag to ensure that we can access it and lift it safely. The bag must be well clear of vehicles, walls, fences, overhead wires, trees or any other obstacles. Please be mindful of placement of the Skip Bag with regard to grass verges, man holes, drains and etc.
- You may require a permit to place a Skip Bag in a public area/roadway/parking bay.
- Ensure that you place the Skip Bag where it can be filled; moving the Skip Bag afterwards may damage it.
- To begin fold down the sides of the Skip Bag to make it more rigid and easier to fill. As you fill the Skip Bag you may start to pull up the sides.
- Do not overfill your Skip Bag. It must be a level load only to the top of the bag. If the Skip Bag is overfilled and it is not safe to lift, it will not be collected. Your order will go back into the system for re-scheduling only when you confirm with customer service that the load has been made safe to lift.
- The Skip Bag and contents remain your property until you pay for and book a collection.
